About Data4Life

D4L data4life gGmbH (www.data4life.care) is a nonprofit organization with over 100 employees at 4 locations, originating as a research project at the Hasso-Plattner-Institute for Digital Engineering gGmbH (under the name Gesundheitscloud) and funded by the Hasso Plattner Foundation. Data4Life wants to make a meaningful contribution to improving healthcare by developing and operating IT infrastructures and digital services for the management and analysis of health data and by applying algorithms to the research of diseases and evaluation of treatment methods. In March 2020, Data4Life developed the CovApp (covapp.charite.de) for and in close cooperation with the Berlin Charité to help people deal with COVID-19. Data4Life was certified in July 2019 by the German Federal Office for Information Security (BSI) as ISO 27001 compliant on the basis of “IT-Grundschutz.” D4L data4life gGmbH was founded at the end of 2017 with headquarters in Potsdam, Germany. The managing director is Christian-Cornelius Weiß.
